Dianetics & Scientology

books • audiobooks

by **L. Ron Hubbard**

Author of the #1 *New York Times* bestseller *DIANETICS*

The materials of Dianetics and Scientology comprise the largest body of information ever assembled on the mind, spirit and life, rigorously refined and codified by L. Ron Hubbard through five decades of research, investigation and development. The results of that work are contained in hundreds of books and more than 3,000 recorded lectures. A full listing and description of them all can be obtained from any Scientology Church or Publications Organization. (See page 32 to receive a free copy of a Guide to the Materials.)

Dianetics is a forerunner and substudy of Scientology. On the following pages are the recommended books for beginners. They appear in the sequence Ron wrote them.

This is the path to *knowing how to know*, unlocking the gates to a better future for *you*. Travel it and see.

L. RON HUBBARD, best known to the world as the Founder of Dianetics and Scientology, is universally acclaimed as the single most influential author and humanitarian of this modern age. His definitive works on the mind and spirit—comprising over 200 million copies in circulation and more than 40 international bestsellers—have resulted in a legacy benefiting millions and a movement spanning all cultures.

BREAKTHROUGHS

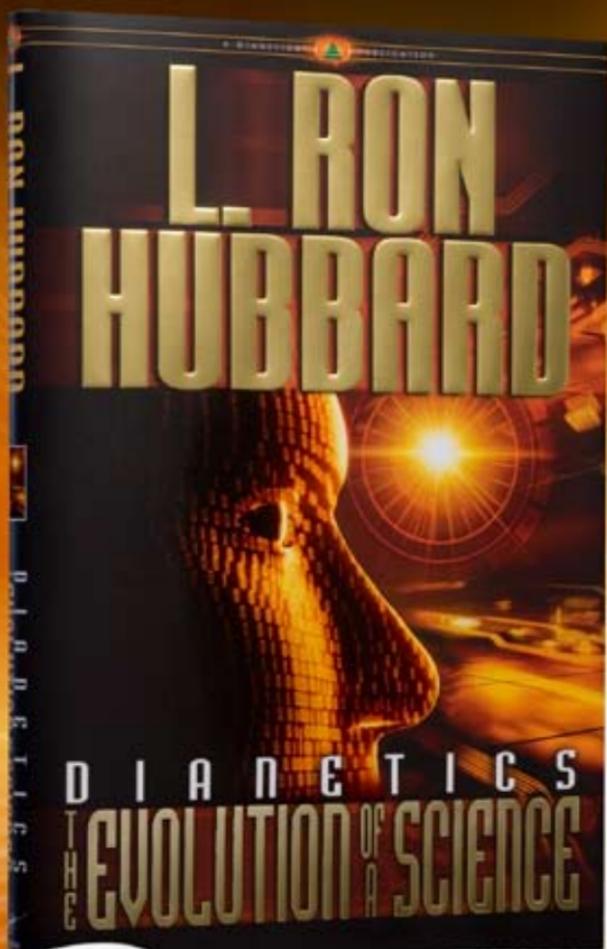

unlocking the secrets of the mind

D*ianetics: The Original Thesis* is L. Ron Hubbard's first description of Dianetics. Originally circulated in manuscript form to a few friends, it was soon copied and passed hand-to-hand until it literally circled the globe. But the resultant word of mouth only fueled the fire. With thousands of letters requesting more information, Ron concluded the only way to answer all inquiries was with a book. That book was *Dianetics: The Modern Science of Mental Health*, now the all-time bestseller on the mind. Find out what started it all. For here are the bedrock discoveries and equations of Dianetics, including:

- The Primary Axioms of Dianetics—axioms upon which the entire subject is built
- The discovery of the Dynamic Principle of Existence that drives all life forms—SURVIVE!
- The Four Dynamics by which life is compartmented and which determine one's survival
- The discovery and anatomy of the Reactive Mind
- Engrams, the single source of all irrational behavior
- The powerful command in every engram which prevented their discovery and handling before Dianetics
- The Analytical Mind, its function and operation
- The first description of the state of Clear, its attributes and potentials
- And, most important, the Laws of Returning—containing the explanation of both *how* and *why* auditing works

Here, then, are the fundamental breakthroughs Ron used to make the *first* Clears—breakthroughs which made possible the development of technology for use by *every* individual to begin the clearing of a planet, breakthroughs *only* contained in *Dianetics: The Original Thesis*.

CHAPTER FIVE

HOW THE MIND WORKS

HOW DID THE MIND RECORD
 the information we did not have to know?

Well, to solve this problem we did not have to know. Dr. Shannon commented, in 1949, that he had tried every way he could think of to compute the material in the memory bank of the brain – and he had been forced to conclude that the brain could not retain more than three months' worth of observations if it recorded everything. And Dianetic research reveals that everything is recorded and retained. Dr. McCulloch's brain in 1948, is said to have done some of the electronic in the effect that if the human brain cost a million dollars to build, its vacuum tubes would have to cost a dollar to cool it, that the amount of power it would take to run it would light New York City and that it would take 0.1 cent each to cool it. To these competent gentlemen, we have no objection to their structure.

REVEALED

Dianetics: *The Evolution of a Science* is L. Ron Hubbard's own story revealing *how* he arrived at his discovery of the Reactive Mind that underlies and enslaves Man.

Written to coincide with the release of *Dianetics: The Modern Science of Mental Health*, *Evolution of a Science* was originally published as a book-length feature in a national magazine. The issue sold out within days, triggering thousands of letters and creating a storm of interest that grew into a worldwide phenomenon. *Dianetics: The Evolution of a Science* contains the only account of:

- How the optimum computing machine—the mind—works
- How Ron discovered Basic Personality
- How the Dynamic Principle of Existence—*SURVIVE!*—was first isolated
- How wrong answers enter into the mind and are *held down*, giving further wrong answers
- How there seem to be “Demons” of the mind
- How the engram was discovered
- How Dianetics techniques were developed

That's why *Evolution of a Science* is the story of the greatest adventure of all—the exploration that discovered the Reactive Mind and the technology to conquer it. He wrote it so you would know.

EXPLOSIVE
bestseller

Containing discoveries heralded as greater than the wheel or fire, *Dianetics* has remained a bestseller for more than 50 years. And with over 20 million copies in print, generating a movement that spans virtually every country on Earth, it's indisputably the most widely read and influential book ever written about the human mind.

Here is the anatomy and full description of the *Reactive Mind*, the previously unknown source of nightmares, unreasonable fears, upsets and insecurities which enslave Man. This book shows you how to get rid of it, and so achieve something Man has previously only dreamed of: the State of Clear.

Among the discoveries herein:

- The Goal of Man
- The Dynamic Principle of Existence—the *one* word that motivates *all* living things
- The Four Dynamics—the drives upon which all of life is compartmented
- The Descriptive Graph of Survival—revealing one's true potential and how to achieve it
- The discovery of and complete anatomy of the Reactive Mind
- The painful experiences—engrams—contained in the Reactive Mind which command one to act irrationally against their own wishes and goals
- The impact of prenatal engrams—what took place *before* you were born and how it's influenced you ever since

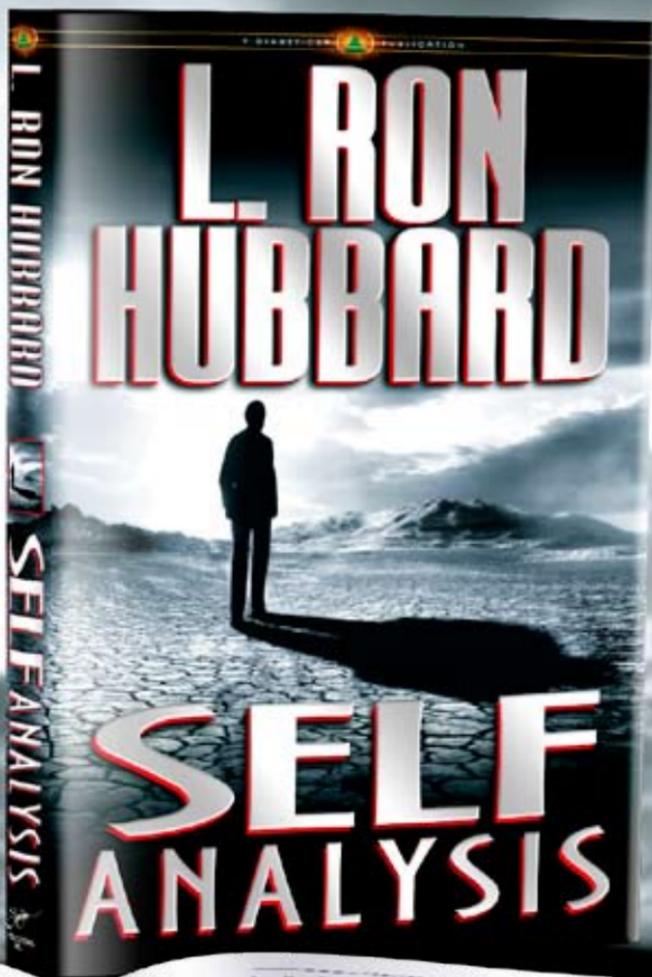

Dianetics enables you to discover and eradicate these harmful experiences so they never affect you again, revealing the one person you've always wanted to know—*you*.

ON GETTING TO KNOW OURSELVES

Are you a friend of yourself?
Probably the most neglected friend you have is you. And yet every minute before you can be a true friend to the world, must first become a friend to himself.

In this society, where observation flourishes in the crowded cities and marts of business, few are the men who have not been subjected, on every hand, to a campaign to convince them that they are much less than they think they are.

You would find anyone who said of your friends what is implied about you. It is time you fought for the best friend you will ever have - yourself.

The first move in striking up this friendship is to make an acquaintance with what you are and what you might become. "Know thyself!" said the ancient Greek. Until recently it was not possible to make a very wide acquaintance. Little was known about human behavior as a science. But atomic physics, in revealing new knowledge to Man, has also revealed the general characteristics of the energy of life. And by that, a great deal can be known about the energy of life which was not before suspected.

Do you really KNOW yourself?

Do you really know yourself? Now you can, with *Self Analysis*. This book will take you through your past, your potentials, your life. First, with a series of self-examinations and using a special version of the Hubbard Chart of Human Evaluation, you plot yourself on the Tone Scale. Then, applying a series of light, yet powerful processes, you embark on the great adventure of self-discovery. This book further contains embracive Dianetic principles that answer the questions you've had, but never knew where to ask:

- The laws of survival and abundance
- The most embracive description of consciousness
- Essays describing a broad array of Dianetic discoveries including time, remembering, forgetting, imagination, valences and special auditing lists for each
- And, beyond all those revelations, self-processing lists that provide the *most* powerful of auditing and which can be done anywhere and at any time—uncovering the real world of *you*

The barriers of life are really just shadows. Learn to know yourself, not just a shadow of yourself. *Self Analysis* shows you how.

CHAPTER THREE

The Goals of Man

THE GOAL OF LIFE in the finite universe may be easily and generally defined as:
AN EFFORT TO SURVIVE AS LONG AS POSSIBLE AND ATTAIN THE MOST DESIRABLE STATE POSSIBLE IN THAT SURVIVAL AND, IN ACCOMPLISHING THIS, TO CONCEDE THE PHYSICAL UNIVERSE.

The cycle of survival is Conception, Growth, Attainment, Decay, Death, Decay, Death, Conception, Growth, Attainment, Decay, Death, over and over again. This is the major cycle.

There is an inner cycle in a lifetime which has to do with emotion or action. This is Action, Attempt, Success, Attempt, Failure, Happiness down to Failure is the emotional cycle. Thus these are only part cycles. Just as every death begins new life, so Failure, Happiness eventually challenge forth new attempt until these are only failure eventually challenge forth new attempt until death itself is reached. Actually, both failure and death alike are transient. They are educational building blocks on a much longer road.

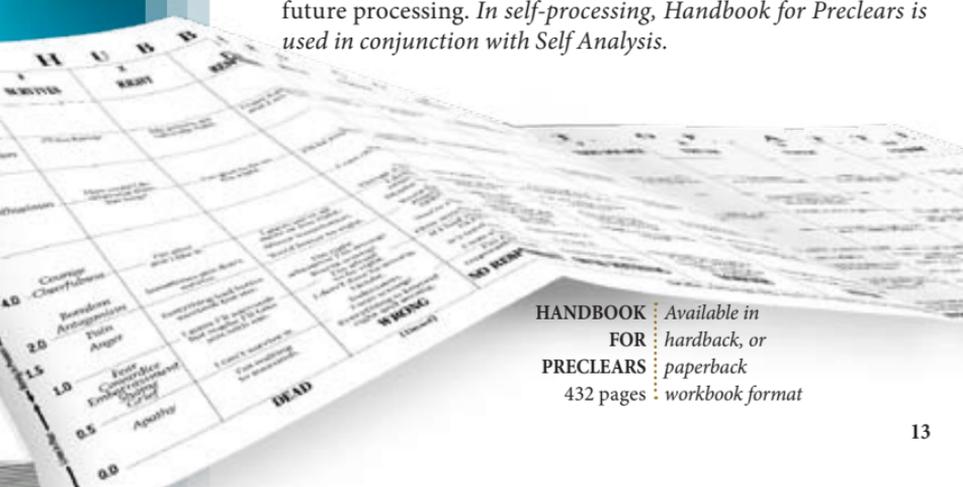

Whose life are YOU living?

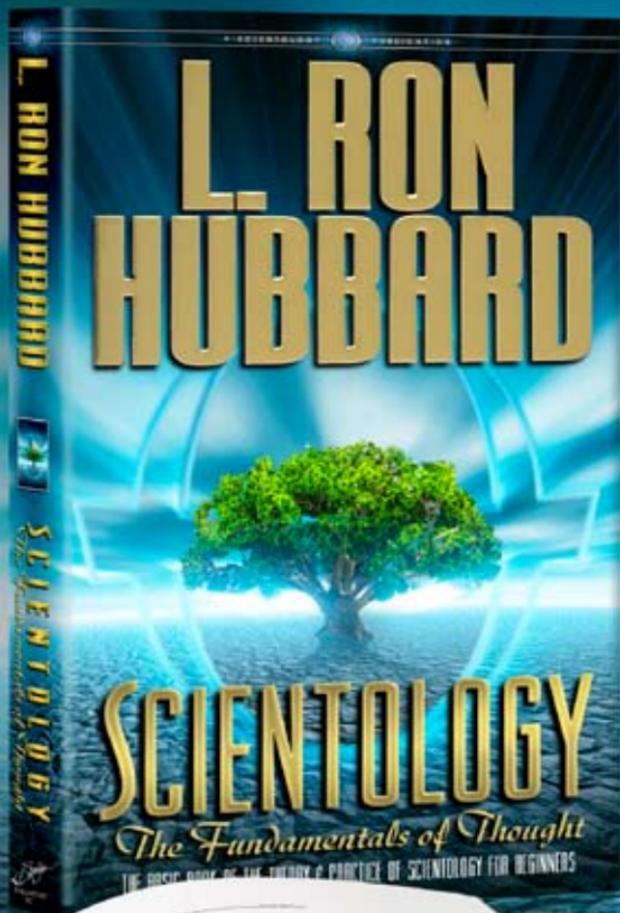

Handbook for Preclears is the legendary self-processing manual that marks the transition from the subject of Dianetics to Scientology. Here are the breakthroughs that revealed the phenomenon of the LIFE CONTINUUM—a mechanism by which every individual takes on the disabilities of the deceased or departed, until they are no longer living their own life. Here, then, are the answers to getting rid of all those parts of “you” that aren’t really YOU. The book includes:

- Expansive essays providing the most complete description of *The Ideal State of Man*
- *The Human Mind*, how it operates and its underlying purpose
- *The Control Center*, the “awareness of awareness” unit of the mind, and how it is CAUSE of the body and environment
- The *Fifteen Acts* of self-processing that move an individual from EFFECT to CAUSE—processes so powerful that this book is now known as the *book of miracles*

This *workbook* edition of *Handbook for Preclears* has been specifically designed for ease of use in processing, with space provided to answer processing questions and resulting in a permanent and complete record of one’s own case for use in future processing. *In self-processing, Handbook for Preclears is used in conjunction with Self Analysis.*

SCIENTOLOGY QUESTIONS AND ANSWERS

What is Scientology?

SCIENTOLOGY (EMBRACE) and teaches all human beings. The term Scientology is taken from the Greek words *scion* (meaning in the fullest meaning of the word) and *logos* (study or handling of the operations of existence) to mean, "the study and handling of the operations of existence for each individual and other life."

Diagnoses is a term used in Scientology to mean "the study of the human mind." Diagnostics is "what the mind is doing in the body."

Neither Diagnostics nor Scientology should be confused with modern psychology. More acceptable with modern psychology, such as that begun by Sigmund Freud, is the term "psychology," which was first used by Sigmund Freud in 1879, long before the term "psychology" was used by Professor Wundt, a Marxist at Leipzig University in Germany.

After 50,000 years the ANSWERS you've been searching for ...

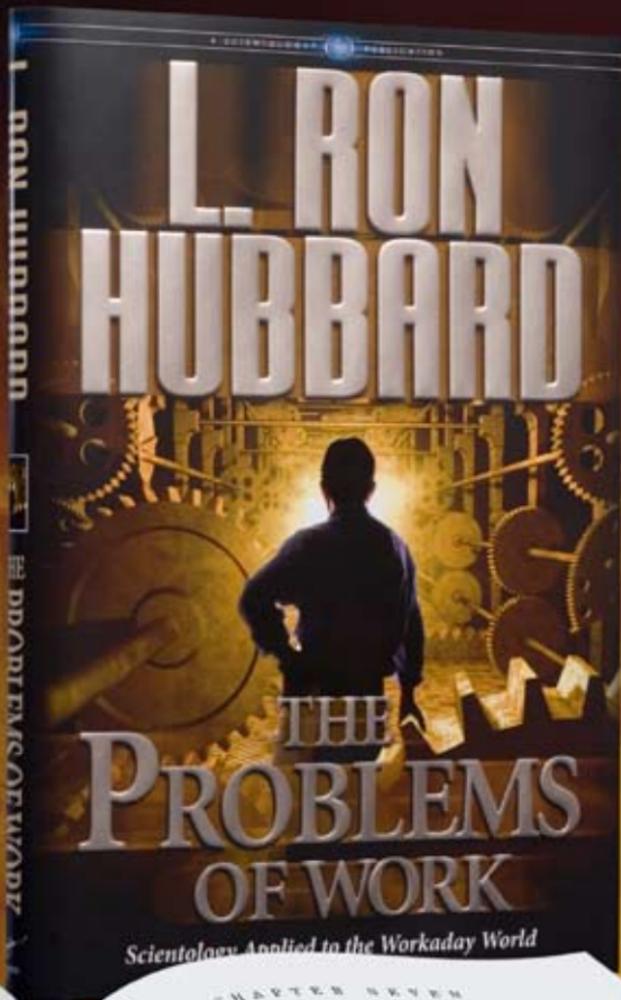

For thousands of years Man has *searched, pondered* and *speculated* about the true “meaning of life.” But, in Scientology, that search has culminated—for the secret has now been *discovered*. Based on precision Axioms (self-evident truths), these *are* the answers—answers you’ve been looking for, answers that work.

Here, then, is the Basic Book on the Theory and Practice of Scientology, with discoveries embracing every aspect of life, including:

- *The Cycle-of-Action*, revealing what underlies the continuous cycle of *creation, survival* and *destruction*—a cycle that seems inevitable in life, but which is only an *apparency*
- *The Conditions-of-Existence* that comprise all life and livingness—and by which one can truly *Be*
- *The Eight Dynamics* upon which all life is compartmented and by which one can resolve the puzzle of their own existence
- *The Affinity, Reality and Communication Triangle*, revealing and explaining the underlying principles of true human relations
- *The Parts of Man*, the comprehensive explanation of *Spirit, Mind* and *Body*, their anatomy and interrelationship in every being
- *The Reason Why*, answering the questions of “what it’s all about” and giving the very elements of *survival, happiness* and *life* itself
- *Scientology Processes* that unlock the life force that is *you*

And, with this book, you won’t just “learn”—you’ll discover these principles for *yourself*. Because this is Scientology—the knowledge of *you*.

CHAPTER SEVEN

EXHAUSTION

TO WORK OR NOT TO WORK?
That is the question. The answer to that question in most men's minds is EXHAUSTION.

One begins to look after he has been long on a job, has been considerably absent on that job, that he works any more would be quite beyond his endurance. He is tired. The thought of doing certain things makes him tired. He thinks of raising his energy or of being able to force his way along just a little bit further. And if he does so, he is thinking in the wrong channels, since the answer to exhaustion has little, if any thing, to do with energy.

Exhaustion is a very important subject not only to an individual involved in earning his own living, but to the state as well.

Scientology has rather completely established the fact that overall it is necessary to do to design and to support an individual

Bring ORDER and UNDERSTANDING to life's confusions

Life is composed of seven-tenths work, one-tenth familial, one-tenth political and one-tenth relaxation. Here, then, is Scientology applied to that crucial seven-tenths of existence.

The Problems of Work contains the senior *principles* and *laws* which apply to every endeavor, every problem of work. For they are the discoveries which lay bare the *core* of these problems and explain the very fabric of *life* itself.

The breakthroughs detailed here include:

- The *Anatomy of Confusion*—and its cure
- The *Doctrine of the Stable Datum*—the most fundamental law of work, and *living*
- The *Anatomy of Control*—and how to turn “bad control” to good
- The *Anatomy of Life as a Game*—and the rules by which it is played
- The “Secret” of Efficiency
- The most fundamental elements of *life*—Affinity, Reality and Communication
- And the rock bottom *cause* of Exhaustion, with the powerful Scientology processes that return the energy of youth

Here, then, is not only technology to bring *stability* to the *workplace*, but the magic processes to return joy itself to all of *life*. For this is *Scientology*.

WHO are you anyway?

Where do you come from?

What will happen to you?

The materials of Scientology comprise the greatest accumulation of knowledge ever assembled on the mind, spirit and life. Through more than a hundred books and publications, thousands more articles and essays, and over 3,000 recorded lectures, the works of L. Ron Hubbard embrace virtually every aspect of living.

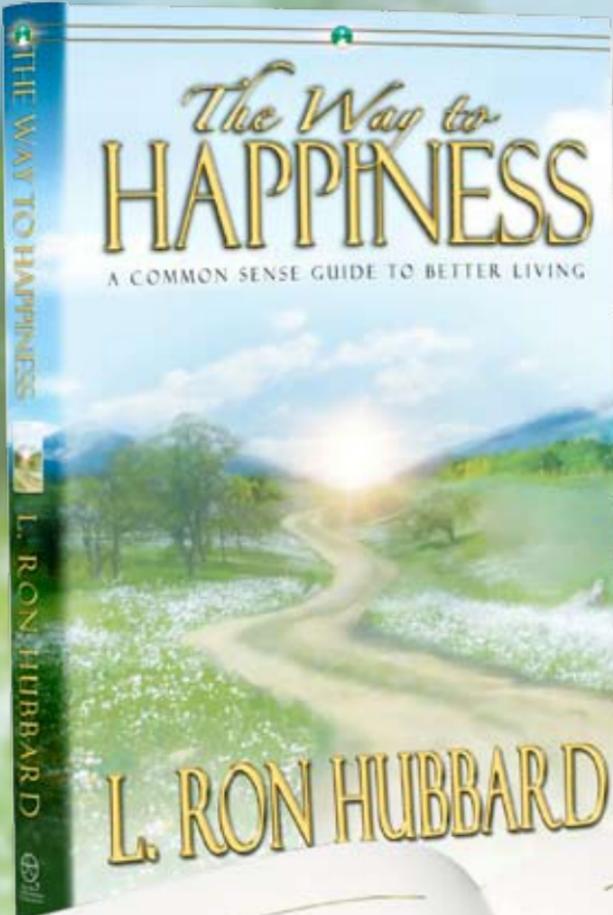

Here, then, is *Scientology: A New Slant on Life*, containing a timeless selection of Ron's discoveries drawn from the full wealth of his writings and each one presenting a broad, yet comprehensive overview of Scientology applied to a specific aspect of existence – and, in combination, providing the panoramic overview of life itself.

Here are the answers to questions *Man* has sought through the ages; here are practical answers *you* hoped could be found somewhere; here are answers that *work*.

- *Is It Possible to Be Happy?*
- *Personal Integrity*
- *Man's Search for His Soul*
- *On Our Efforts for Immortality*
- *The Eight Dynamics* that comprise life itself
- *The Affinity, Reality and Communication Triangle* providing the components for interpersonal relationships
- *Marriage*
- *How to Live with Children*
- *What Is Greatness?*
- *The Two Rules for Happy Living*
- *Anti-Social and Social Personalities*
- *The Third Party Law* revealing the cause of conflict
- *Honesty and Ethics*
- *My Philosophy*, Ron's personal statement on what motivated his life's work and the quest for Scientology

Here, then, are essentials for living, real solutions that work in the here and now, truths to consult again and again.

The Way to HAPPINESS

A common sense guide to better living

T rue joy and happiness are valuable. If one does not survive, no joy and no happiness are obtainable. Trying to survive in a chaotic, dishonest and generally immoral society is difficult.

Any individual or group seeks to obtain from life what pleasure and freedom from pain that they can.

Your own survival can be threatened by the bad actions of others around you.

Your own happiness can be turned to tragedy and sorrow by the dishonesty and misconduct of others.

I am sure you can think of instances of this actually happening. Such wrongs reduce one's survival and impair one's happiness.

You are important to other people. You are listened to. You can influence others.

The happiness or unhappiness of others you could name is important to you.

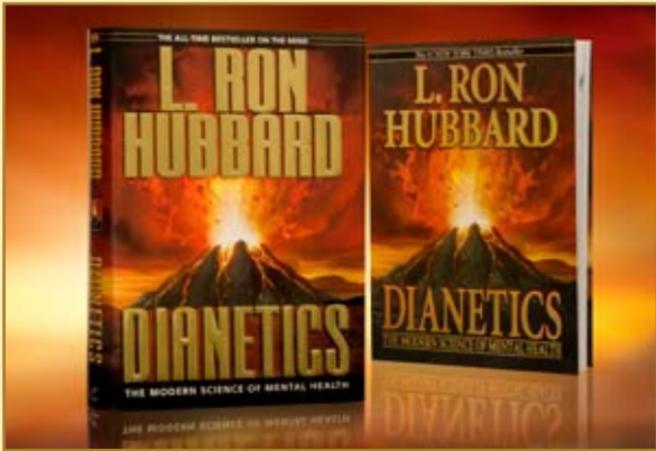

Without too much trouble, using this book, you can help them survive and lead happier lives.

While no one can guarantee that anyone else can be happy, their chances of survival and happiness can be improved. And with theirs, yours will be.

It is in your power to point the way to a less dangerous and happier life.

L. RON HUBBARD RECORDED LECTURE

THE STORY
OF DIANETICS
AND SCIENTOLOGY

A LECTURE GIVEN ON
18 OCTOBER 1968
BY MINDILL

Well, that does my heart good. I see you're 2
welcome in Great Britain still. Thank you.
Thank you very much.
I'd like to tell you something of the story of
Dianetics and Scientology—some things I've never
confided to anyone before. Would you like to hear that?

Audience: Yes.

Well, the start of this story is probably a long, long
time ago. And those who don't believe in past lives will
not be offended, because we won't go that far back.
We'll just take this lifetime.

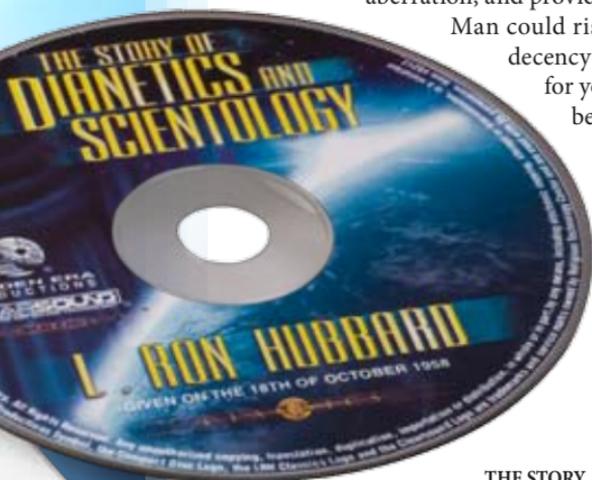

The story actually starts back when I was about 10
years old and I met one of the great men of the
analysis, a Commander Thompson. He was a very
brave explorer and it's very fit that we meet
HUBBARD 18 OCTOBER

Now you can
HEAR THE STORY
of Dianetics and Scientology
from the man who lived it

To really know life," L. Ron Hubbard wrote, "you've got to be part of life. You must get down and look, you must get into the nooks and crannies of existence. You have to rub elbows with all kinds and types of men before you can finally establish what he is."

Through his extraordinary journey to the founding of Dianetics and Scientology, Ron did just that. From his adventurous youth in a rough and tumble American West to his far-flung trek across a still mysterious Asia; from his two-decade search for the essence of life to the triumph of Dianetics and Scientology—such is the story Ron recounts in a lecture so legendary, it has been heard by millions.

How could one man discover the source of all human aberration, and provide an actual technology by which Man could rise to greater heights of honesty, decency and personal freedom? Find out for yourself, in a story that could only be told by the man who lived it.
